PRODUCT INFORMATION SHEET

Probio Tabs Floor. Unique in the industrial market! Extra-powerful, biodegradable cleaning tablets for use both in scrubber dryers and for hand-cleaning; with the addition of natural soda and citric acid. Especially effective for cleaning in the shipping industry, such as for ship decks, cargo spaces and machinery/engine rooms.

Product description

Probio Tabs Floor are innovative, highly concentrated cleaning tablets designed for both scrubber dryers and hand-cleaning. They contain only biodegradable surfactants, making them a highly eco-friendly floor cleaning solution. With Probio Tabs Floor, Eco-Point International is introducing an exceptionally unique, cost-effective, low-foaming and highly efficient floor cleaner. The ecological nature of Probio Tabs Floor minimises the impact on the environment.

The ease of use of the tablet form and the avoidance of plastic packaging make this product revolutionary. The tablets also contain 100% natural probiotics, resulting in thorough cleaning of organic contaminants and active combating of unpleasant odours. Probio Tabs Floor therefore offer an effective, deep-cleaning and ecologically responsible floor cleaning solution. Also extremely suitable for quick and effective cleaning of water-resistant surfaces, such as ship decks and exteriors.

Solution areas

- serious industrial contamination on floors creates unhygienic and unsafe conditions
- (rubber) tyre tracks are often difficult to remove
- dirty floors are breeding grounds for bacteria and mould
- dirt on floors can cause slip hazards
- dirty floors give a particularly neglected appearance
- contaminants can cause damage
- floor maintenance is usually very labour-intensive and therefore costly
- dirt and contamination on ship decks, walls and pipes cause unsafe conditions.

Sustainable solution

Probio Tabs Floor are extremely powerful and concentrated floor cleaning tablets that deal effectively with the problems listed. They offer a perfect balance of economic, ecological and quality standards, making them ideal for both intensive cleaning and daily maintenance.

The addition of 100% natural probiotics means that Probio Tabs Floor provide thorough cleaning of surfaces, whereby the probiotics continue to actively work on organic contaminants. This makes the product ideal for deeper and long-lasting cleaning of your floors - a real 2-in-1 solution. Probio Tabs Floor therefore offer not only powerful cleaning, but also the benefits of natural probiotics for optimum care of your floors.

Special benefits

- Plastic-free!
- Space-saving due to lack of plastic packaging. Ideal for businesses or in places where lack of space is an issue.
- Super-concentrate in one tablet, so easy to dose and economical to use.
- Has anti-corrosion properties.
- Contains natural soda and citric acid.
- Low-foaming and creates a non-slip effect.
- Unlike chemical cleaning products, the tablet is extremely safe (no hazard symbol required once dissolved) and 100% natural.

Summarised in a table:

	PROBIO TABS FLOOR	CONVENTIONAL CLEANING PRODUCTS
SIMPLE DOSING	✓	✗
PLASTIC-FREE	✓	✗
NATURAL INGREDIENTS	✓	✗
LITTLE STORAGE SPACE NEEDED	✓	✗
DEEP CLEANING THANKS TO PROBIOTICS	✓	✗
NO HAZARD SYMBOL REQUIRED AFTER DILUTION FOR USE	✓	✗
CO2-REDUCTION	✓	✗
NO ADR CARRIAGE OF DANGEROUS GOODS	✓	✗
HAZARD SYMBOL	⚠	⚠

Application areas

- cleaning floors using a scrubber dryer
- hand-cleaning of floors
- cleaning of ship decks
- cleaning walls and pipelines soiled with mineral oils and greases
- cleaning floors and machines contaminated with mineral oils and greases
- cleaning floors and machines contaminated with animal and vegetable oils and fats
- cleaning cargo holds of coke, coal and mineral-oil residues, etc.
- removing tyre tracks from floors
- removing atmospheric contamination from floors

Special notes

Probio Tabs Floor need to be dissolved in water. Using hot water reduces the time it takes the tablet to dissolve. Probio Tabs Floor can cause matting of painted surfaces and shiny aluminium. If in doubt, test on a less visible spot first.

Instructions for use

Probio Tabs Floor can be used in a scrubber dryer. Refer to the machine's documentation for the correct addition of Probio Tabs Floor.

Probio Tabs Floor can also be used for hand-cleaning (scrubbing, mopping, etc).

Probio Tabs Floor need to be dissolved in water. Using hot water reduces the time it takes the tablet to dissolve (dissolve time is 4-5 minutes).

Probio Tabs Floor are available in two sizes: 20 g tablet and 50 g tablet. The number of tablets per volume depends on the amount of contamination:

 APPLICATION 	50 G PROBIO TABS FLOOR	20 G PROBIO TABS FLOOR
SCRUBBER DRYER	1 TO 2 TABS PER 50 LITRES	3 À 5 TABS PER 50 LITRES
HAND-CLEANING	1 TAB PER 10 LITRES	2 À 3 TABS PER 10 LITRES

Packaging

Eco-Point International packages the Probio tabs in moisture-resistant biobased bags.
